

## Prayer for Latin America and PyE in its 25th anniversary year

- Firstly let us **give thanks** for the vision that set up PyE in the first place, and for God's faithfulness in developing it so that it has a presence in so many countries across the region and for the many lives that its ministry has touched.
- Please pray for all the Latin American countries affected by the second wave of the **Covid-19 pandemic**. Brazil has now recorded more than ten million infections and in Peru there is not enough oxygen for those who need it. Across the continent, health systems have collapsed. May the vaccines arrive soon, and the poor be prioritised and may there be no corruption surrounding the purchase and use of the vaccines.
- Please also pray for the **challenges** and restrictions facing the operations of PyE during the pandemic. May God grant wisdom and strength to the team making decisions and adapting to the situation.
- For the **PyE staff and their families** as various people are currently unwell. Please also pray for the upcoming change of leadership in the Peru and Colombia offices.
- For the fragility of the **peace agreements** in Colombia and an increase in deaths. May communities and churches back the report being released by the Truth and Reconciliation Commission in 2021.

- For the upcoming **general elections** in Peru, Chile and Ecuador. May those who are eligible exercise their right to vote and choose the best candidates and may the elections be peaceful. Please also pray for Chile and the election of the Constitutional Convention as the members will be writing a new constitution for the country.
- For Venezuelan and Haitian **migrants** who have travelled to various South American countries. May they be able to access the work and education opportunities they so desperately need. There are many Venezuelan families who cannot cross the border from Ecuador to Peru and are stuck, so may there be a resolution to this issue. Give thanks for the Colombian government who have started to give rights to Venezuelan migrants there.
- For the women in the GAM Group (mutual support groups) in **Bolivia**. May they be able to leave the cycle of violence they find themselves in. Please pray for PyE's work helping children affected by sexual violence. May the judges and all those in authority deal with the children sensitively and justly and help them find their way out of their terrible situations.

Thank you again for your prayers, support and interest in PyE. You will be encouraged to know that despite all the pressures of the year 2020, we have been able to send **£17,400** to Latin America to support their work. God and you, our supporters, are faithful.
